POZNÁMKY, CHYBY A OPRAVY K MISTROVSTVÍM SVĚTA

Uvedená data jsou čerpána z oficiálních zdrojů (zápisů o utkání nebo dokumentů) MS 1954 a od MS 1956. Starší data jsou z různých neoficiálních dokumentů, časopisů apod. (tam je možné, že je třeba účast na ledě počítaná jinak než v současné době).

MS 1930: Krásl se nakonec nezúčastnil, protože kvůli nemoci matky odjel předčasně už z předmistrovského turnaje v Davosu.

MS 1933: Dorasil hrál proti USA na postu útočníka.

MS 1935: Brankář Boháč na MS neodcestoval.

MS 1937: V některých zdrojích je uvedeno, že v utkání s Francií 26.2. chytil brankář Houba, ale nikde není dohledatelné odkdy. Pokud tomu tak skutečně bylo, tak by měl mít jeden obdržovaný gól, který padl v poslední minutě utkání. Trenér Buckna na MS neodcestoval.

MS 1938: Císař měl číslo dresu 5 jen v utkání s Rakouskem, pak měl jen číslo 6. Drahomír Jirotko měl číslo dresu 6 se Švédskem, a číslo 8 s Německem.

MS 1939: V utkání s Kanadou 8.2. a Švýcarskem 5.3. byl kapitánem Modrý

MS 1947: Pokorný hrál proti Švýcarsku a Belgii na postu útočníka. V utkání se Švédskem a USA byl kapitánem Zábrodský. Brankáři sice měli nahlášená čísla, ale k utkání nastupovali v dresech bez čísel.

MS 1948: Pokorný hrál na postu obránce, ale proti Velké Británii si na minutu odskočil na post brankáře, během vyloučení brankáře Modrého.

MS 1954: Bacílek hrál proti Kanadě a Švédsku na postu útočníka.

MS 1956: Bacílek hrál proti Sovětskému svazu a SRN na postu obránce.

MS 1957: Bacílek hrál proti Švédsku na postu útočníka.

MS 1958: Bacílek hrál proti USA a Švédsku na postu útočníka.

MS 1959: Bacílek hrál proti USA na postu útočníka. Střely na branku proti Finsku nejsou uvedeny, proto jsou ve statistickém souhrnu uvedeny bez tohoto utkání (261:194). Ve třech případech jsou u gólů uváděny i druhé asistence (8 gól se Švýcarskem a 4 gól s Polskem Tikal, 9 gól s Polskem Vlach), ale neznámo proč nebyly započteny do statistických souhrnů, proto jsem je také nezapočítal.

MS 1960: Mašlaň hrál proti USA a Austrálii na postu útočníka.

MS 1964: V utkání se Švédskem byl kapitánem Tikal.

MS 1965: Jiří Holík hrál od utkání s Finskem s číslem dresu 20. V jednom zdroji má Dzurilla odchytný čas 285:34, ale podle druhého trvala powerplay se Sovětským svazem jen 5 vteřin (285:48).

MS 1967: Jaroslav Holík hrál v utkání s Kanadou s číslem dresu 1, a Nedomanský se Sovětským svazem s číslem 19.

MS 1972: Kužela hrál v prvním utkání proti Sovětskému svazu na postu útočníka.

MS 1974: V prohraném utkání s Finy, kde jim byly kvůli dopingu anulovány góly, jsem nepřidělil vítězný gól Ebermannovi, ani vítězné utkání Holečkovi.

MS 1975: Ve druhém utkání se Švédskem má u 5 gólu první nahrávku podle zápisu o utkání Kochta (dle jiných zdrojů M. Šťastný). Střely na branku byly podle zápisů o utkání 398:222, a podle týdeníku Gól 471:239. Ponechal jsem data podle týdeníku Gól, protože podle zápisů o utkání nešlo rozdělit zásahy mezi brankáře.

MS 1976: Ve sloupku střel na branku jsou uvedeny i střely mimo a blokové (603:400). Pouze na branku jich má československý tým 364:213, nepodařilo se je ale k jednotlivým hráčům dohledat. Podle týdeníku Gól jsou střely na branku 438:269, což jsou data, která jsem započítal i brankářům, protože v konečném oficiálním dokumentu byla chyba a Dzurillovi napsali 3 GP, 55 SVS a 4 GA, Holečkovi 7 GP, 144 SVS a 10 GA. Nedá se to dopočítat ani ze zápisů o utkání, protože tam vycházejí zase úplně jiná data.

MS 1978: Ve sloupku střel na branku jsou uvedeny i střely mimo a blokové (631). Pouze na branku jich má československý tým 373.

MS 1979: Ve sloupku střel na branku jsou uvedeny i střely mimo a blokové (387). Pouze na branku jich má československý tým 205.

MS 1981: Střely na branku jsou ze zahraniční ročenky a účast na ledě je z týdeníku Gól. Jenže v týdeníku Gól nebyly statistiky Krále, protože se zranil hned před koncem první třetiny prvního utkání. Účast na ledě je uvedená i s přesilovkovými góly, a i tak vypadá špatně spočítaná.

MS 1982: Plánovský hrál proti Itálii na postu útočníka. Střely na branku a účast na ledě je z týdeníku Gól, jenže ten kvůli emigraci vůbec neuvedl statistiky Ihnačáka. Doplnil jsem mu 5 střel, protože podle zápisů o utkání československý tým vystřelil na branku 379 krát, a součet ostatních hráčů z týdeníku Gól je 374. Podobně jsem se snažil postupovat i v případě účasti na ledě. Podle zápisů by měl mít československý tým 164 pozitivních a 69 negativních bodů, jenže v týdeníku Gól mají hráči bez Ihnačáka 161 resp. 72. U pozitivních jsem mu napsal 3 a u negativních 1. Týdeník Gól nejspíš omylem započítal i nějaký obdržžený gól v přesilovce soupeře, proto v souhrnu vychází 4 negativní body navíc.

MS 1983: Ve sloupku střel na branku jsou uvedeny i střely mimo a blokované. Nepodařily se dohledat tresty pro hráčskou lavici (/), nicméně součet trestných minut týmu souhlasí. Mnohdy však byl trest připsán hráči, který trest za HL odpykal, proto jsem do řádku s hráčskou lavicí napsal lomítko.

MS 1985: V zápise o utkání chybí negativní účast na ledě u 1 gólu NDR. Vzhledem k tomu, že o několik vteřin později jsme vstřelili gól, předpokládám, že na ledě byla předchozí pětka - Svoboda, Uvíra, Růžička, Richter, Rosol. Je to ale jenom domněnka, proto jsem to do souhrnu nezapočítával.

MS 1986: Procházka hrál proti Polsku v základní skupině na postu útočníka. Ve skupině o udržení proti USA, padl 3 gól v oslabení, přesto je v zápise o utkání uvedeno 5 hráčů na ledě. Svitkovi jsem účast na ledě u tohoto gólu odebral. Ve sloupku střel na branku jsou uvedeny i střely mimo a blokované. Pouze na branku jich má československý tým 298, nepodařilo se je ale k jednotlivým hráčům dohledat.

MS 1987: V základní skupině proti Švédsku padl 2 gól v čase návratu hráčů z trestné lavice, proto jsem Růžičkovi pozitivní účast na ledě započítal i když v zápise o utkání chyběla. Ve statistickém dokumentu měli Benák a Černý po utkání se Sovětským svazem v základní skupině o střelu na branku méně než po předchozím utkání se Švédskem. Chyba se pak táhla až na konec MS, kde ty dvě střely československému týmu chyběly. V souhrnu opraveno. Druhý gól proti Finsku vstřelil ve skutečnosti Hořava, ale v zápise o utkání je uveden Růžička. I přesto jsem vše nechal podle zápisu o utkání.

MS 1989: Procházka hrál proti Finsku, Polsku, USA, Sovětskému svazu a Kanadě v základní skupině na postu útočníka. Vitězný gól je proti USA počítán Haščákovi, protože došlo k anulaci gólů USA (kdyby se počítal pátý gól, tak by ho měl Janecký). Anulované góly se nepočítaly do statistik ani brankáři (pravděpodobně ani zásahy z tohoto utkání). Součtem ze zápisů o utkání vychází střely na branku 261:250 a vhazování 298:387, ale v dokumentu je uvedeno 274:248 resp. 302:385. Ponechány jsou data z dokumentu, který přiděluje střely na branku a vhazování jednotlivým hráčům.

MS 1990: Ve sloupku střel na branku jsou uvedeny i střely mimo a blokované. Pouze na branku jich má československý tým 271, nepodařilo se je ale k jednotlivým hráčům dohledat. Podle jednotlivých zápisů o utkání má Bříza 48 zásahů, ale v dokumentu jich má uvedeno jen 47 (ponechal jsem podle dokumentu). V utkání s USA je nesprávně pozitivní účast na ledě u 4 gólu. Má ji mít Stavjaňa, ne Haščák. V utkání se Švédskem v základní skupině je nesprávně negativní účast na ledě u 5 gólu. Má ji mít Ščerban, ne Reichel. V souhrnu vše opraveno.

MS 1991: Střely na branku a vhazování uvedená v zápise o utkání a v oficiálním dokumentu se rapidně liší. Součtem ze zápisů o utkání vychází střely na branku 356:271 a vhazování 340:351, ale v dokumentu je uvedeno 335:242 resp. 310:309. Kde se stala chyba je záhadou, ale každopádně podrobná data střel na branku a buly k jednotlivým hráčům jsou v zápisech nečitelná, takže jsem zde ponechal data z dokumentu.

MS 1992: Procházka hrál proti Rusku na postu obránce. Součtem ze zápisů o utkání vychází střely na branku 277:155 a vhazování 226:319. Podle dokumentu ale vychází střely soupeře pouze 153. Ve sloupku střel na branku jsou uvedeny i střely mimo a blokované, protože se je nepodařilo k jednotlivým hráčům dohledat.

MS 1994: Horák hrál proti Francii na postu obránce. V zápise o utkání s Francií má Turek dvě střely na branku, což je nesmysl. Nikomu jsem je nepřičetl.

MS 1995: V utkání s Finskem v základní skupině je nesprávně pozitivní účast na ledě u 1 gólu. Má ji mít Turek (ne Vopat). V souhrnu opraveno. Ve sloupku střel na branku jsou uvedeny i střely mimo a blokované. Pouze na branku jich má český tým 222, nepodařilo se je ale k jednotlivým hráčům dohledat.

MS 1996: Účast na ledě uvedená v souhrnu je spočítaná ze zápisů o utkání. V oficiálním dokumentu je ale účast na ledě spočítaná nesprávně (Neckář -4, Vykoukal -5, Bonk -3, Patera -6, Procházka -6, Reichel +11).

MS 1997: V utkání se Slovenskem je nesprávně pozitivní účast na ledě u 2 gólu. Má ji mít Šlégr, ne Moravec (ten má sice druhou asistenci ale odjel střídát). V souhrnu opraveno. Vlach hrál proti Francii na postu obránce.

MS 1998: Výborný hrál proti Japonsku na postu obránce. Podle zápisu o utkání vstřelil 6 gól proti Německu Bělohlov, jenže ho vstřelil ve skutečnosti M. Procházka, kterému jsem ho připsal do souhrnu. Stejně tak jsem provedl změnu u těchto hráčů i v účasti na ledě, která byla u tohoto gólu také špatně. V utkání o 3. místo se Švýcarskem byl kapitánem Patera. Burda má v oficiálních dokumentech jedno prohrané vhazování, přitom nenastoupil do žádného utkání (nepřipsáno nikomu). V oficiálních dokumentech má Hnilička 143 a Čechmánek 42 zásahů.

MS 1999: Tie-breaky a nájezdy v semifinále a finále jsem počítal zvlášť jako vítězná utkání s vítěznými góly.

MS 2000: Ve finále se Slovenskem je nesprávně pozitivní účast na ledě u 2 gólu. Má ji mít Reichel, ne Martínek. V souhrnu opraveno.

MS 2002: V oficiálních statistikách má nesmyslně jedno vyhrané vhazování i brankář Trvaj. Připsal jsem ho Brošovi, který má podobné číslo dresu.

MS 2003: V utkání proti Slovinsku byl kapitánem Straka.

MS 2004: V zápise o utkání s USA jsou podivně uvedené zásahy Vokouna (32 místo 34). Vokoun jich má mít v souhrnu ale 120, ne 119.

MS 2005: V utkání s Kazachstánem je nesprávně pozitivní účast na ledě u 1 gólu. Má ji mít Špaček, ne Čajánek. V utkání se Slovenskem je nesprávně pozitivní účast na ledě u 4 gólu. Má ji mít Hejda, ne Sýkora. V utkání s USA je Ručinskému nesprávně započtena účast na ledě při samostatném nájezdu, jenže tam se účast na ledě nezaznamenává. V utkání se Švédskem je brankářům v oficiálních dokumentech nesprávně započten odchytný čas, protože se rozhodlo v prodloužení 64:43, nikoli v samostatných nájezdech 70:00. V souhrnu vše opraveno.

MS 2006: V utkání s Kanadou je nesprávně pozitivní účast na ledě u 3 gólu. Má ji mít Krajíček, Hejda a Tenkrát, ne Hlinka, Balaštík a Erat. V utkání s Kanadou je nesprávně negativní účast na ledě u 2 gólu. Má ji mít Michálek, ne Irgl. V utkání s USA nemá mít v zápise o utkání asistenci Výborný, protože mu byla dodatečně odebrána, ale zápis na webu zůstal neopravený. V utkání s Ruskem je nesprávně pozitivní účast na ledě u 4 gólu. Má ji mít Hejda, ne Štefan. V souhrnu vše opraveno.

MS 2008: Ve čtvrtfinále se Švédskem nebyla započtena v trestném střelení Vrbatovi účast na ledě. V souhrnu opraveno.

MS 2009: Rolinek hrál proti Bělorusku na postu obránce.

MS 2010: V utkání základní skupiny se Švédskem má Novák v oficiálním zápise uvedeno 1 střídání (10 vteřin) přestože nehrál. Start jsem mu odebral. V utkání s Lotyšskem má Růžička v oficiálním zápise uvedeno 1 střídání (49 vteřin) přestože nehrál. Start jsem mu odebral. V semifinále se Švédskem má v oficiálním zápise Švédsko 35 střel a Vokoun 32 zásahů, což je při obdržení 2 gólech nesmysl. Jeden zásah jsem mu proto přidal. Ve finále s Ruskem je u obdržení gólu nesprávně uvedena účast na ledě. Na ledě byl Rozsival, který v okamžiku gólu naskočil z trestné lavice, nikoli Červenka. V souhrnu opraveno.

MS 2011: V základní skupině s Ruskem nebyla započtena v trestném střelení Plekancovi účast na ledě. V souhrnu opraveno.

MS 2012: Ve čtvrtfinále se Švédskem má Vondrka v oficiálním zápise uvedeno 1 střídání (5 vteřin) přestože nehrál. Start jsem mu odebral.

MS 2013: V utkání se Švédskem má Vrána v oficiálním zápise uvedeno 1 střídání (30 vteřin) přestože nehrál. Start jsem mu odebral.

MS 2016: V utkáních se Švýcarskem a USA nebyla započtena v trestném střelení Kašparovi resp. Zohornovi účast na ledě. V souhrnu opraveno.

MS 2017: V utkání s Běloruskem má Hyka prohrané vhazování přestože nehrál. Po kontrole videa bylo zjištěno, že místo BLR 10+ a CZE 71- má být BLR 71- a CZE 20+. Toto vhazování jsem nakonec připsal Vránovi jako vyhrané.

MS 2018: V utkání se Švýcarskem je nesprávně pozitivní účast na ledě u 1 gólu. Má ji mít Jaškin (ne Gudas). V utkání s Ruskem je nesprávně negativní účast na ledě u 2 gólu. Má ji mít Krejčí (ne Pastrňák). V utkání s Francií je nesprávně pozitivní účast na ledě u 4 gólu. Má ji mít Hyka (ne Chytil). Ale pouze tu s Ruskem jsem opravil v souhrnu, protože ostatní góly byly z přesilovky, a ty se do účasti na ledě nezapočítávají.

MS 2019: V utkání s Norskem nemá mít u 4 gólu druhou asistenci Simon (bez druhé asistence), naopak u 8 gólu s Itálií druhou asistenci mít má (v zápise jí nemá nikdo). Pozitivní účast na ledě byla nesprávně určena u 6 gólu s Rakouskem (Kolář, ne Musil), u 2 gólu se Švýcarskem (Musil, ne Moravčík) a u 3 gólu s Německem (Gulaš, ne Řepík). Všechny chyby v účasti na ledě vznikly kvůli střídání během gólových akcí. V souhrnu opraveno.

POZNÁMKY, CHYBY A OPRAVY K ZIMNÍM OLYMPIJSKÝM HRÁM

Uvedená data jsou čerpána z oficiálních zdrojů (zápisů o utkání nebo dokumentů) od **ZOH 1972**. Starší data jsou z různých neoficiálních dokumentů, časopisů apod. (tam je možné, že je třeba účast na ledě počítaná jinak než v současné době).

ZOH 1976: I přestože došlo k anulaci výsledku s Polskem, tak byl započítán jak Martincovi vítězný gól, tak Crhovi vítězné utkání. U brankářů nebyla ze zápisů o utkání vůbec žádná data, proto jsem ponechal údaje z týdeníku Gól. I tak je tam ale jedna podivnost. Crha odchytil proti Bulharsku 30 minut a proti Polsku 36 minut. Nikde ale není uvedeno kolik odchytil proti USA, kde také nastoupil.

ZOH 1980: Součet střel na branku ze všech zápisů o utkání je 229:135, jenže v oficiálním dokumentu je uvedeno, že na československou branku šlo střel pouze 127 (Králík má místo 91 zásahů jen 83). V tomto ale není chyba jen u československého týmu.

ZOH 1984: Ve sloupcu střel na branku jsou uvedeny i střely mimo a blokové. Pouze na branku jich má československý tým 279, nepodařilo se je ale k jednotlivým hráčům dohledat. V účasti na ledě jsou data úplně ze všech gólů.

ZOH 1988: U Ščerbana a Uvíry nebyly střely na branku uvedeny. Vzhledem k tomu, že celý tým měl 223 střel mají oba dohromady střel 8. V dokumentech má Hašek 91 zásahů, ale podle zápisů o utkání jich bylo jen 90.

ZOH 1992: František Procházka hrál proti Norsku, Francii, Švýcarsku a Kanadě (semifinále) na postu obránce.

ZOH 1998: U 5 gólů proti Kazachstánu má druhou asistenci Reichel (v oficiálních dokumentech ale Svoboda, i když byl Reichel uveden i v TV titulku). Asistenci v souhrnu jsem přidal Reichelovi a odebral Svobodovi.

ZOH 2010: Vokoun má 130 zásahů (ne 131). V utkání s Ruskem má mít 27 zásahů. Jeden gól dostal do prázdné branky, jenže v zápise to má chybně dopočteno do celkových střel jako zásah.

POZNÁMKY, CHYBY A OPRAVY K MISTROVSTVÍM EVROPY

ME 1911: Vítěznou branku proti Belgii vstřelil Jirkovský nebo Jarkovský (nezjištěno).

ME 1921: Hartmann a Vindyš byli podle tisku pouze náhradníky a nestřídali, přesto mají v některých zdrojích jeden start.

ME 1925: Hamáček nakonec do Štrbského Plesa neodjel.

ME 1926: Krásl hrál proti Belgii, Španělsku a Velké Británii na postu obránce. Peka hrál proti Španělsku na postu útočníka.

ME 1927: Hartmann hrál na postu obránce proti Německu, Krásl proti Polsku, a Šroubek proti Maďarsku a Rakousku. Loos hrál na postu útočníka proti Rakousku. Loos proti Belgii na minutu zaskočil na postu brankáře, při vyloučení Pěky.

POZNÁMKY, CHYBY A OPRAVY KE KANADSKÝM A SVĚTOVÝM POHÁRŮM

Uvedená data jsou čerpána z oficiálních zdrojů (zápisů o utkání nebo dokumentů) od **SP 2016**. Starší data jsou z různých neoficiálních dokumentů, časopisů apod. (tam je možné, že je třeba účast na ledě počítaná jinak než v současné době).

KP 1976: V českých zdrojích je u druhého gólu proti USA M. Štastný (Bubla, Hlinka), u kanadských Bubla (Hlinka) = Bubla 3+2, M. Štastný 1+4.

KP 1981: V účasti na ledě nejsou zanesena data z utkání s USA a Švédskem.

KP 1984: V jednotlivých utkáních je součet střel na československý tým 127, ale u brankářů jich je 128. V některých zdrojích je nesprávně uvedeno střídání brankářů proti Kanadě v čase 06:29; správně je v čase 20:00.

KP 1987: V některých zdrojích nemá u prvního gólu proti USA nahrávku Rosol. Přidal jsem mu jí podle zápisu o utkání.

SP 2004: V utkání proti Německu byl kapitánem Straka. U střel na branku nejsou zanesena všechna utkání (chybí totiž 40 střel, pravděpodobně s Kanadou).

U vhazování to podle počtu vhazování vypadá, jako by zde byla data pouze ze dvou utkání. Na webu historical.stats.swehockey.se má nesmyslně jedno prohrané vhazování i brankář Čechmánek, které jsem připsal Reichlovi pro podobnost čísla dresu.
